ITEM 3. SOURCE AND AMOUNT OF FUNDS OR OTHER CONSIDERATION

The Reporting Persons utilized available cash assets in the aggregate amount of approximately \$356,000,000 to acquire beneficial ownership of the 18,629,077 shares of Common Shares reported herein. Funds for the purchase of beneficial ownership of such Common Shares were derived from general working capital. For purposes of the Reporting Persons, "general working capital" includes cash on hand and margin account and other borrowings made in the ordinary course of business.

ITEM 4. PURPOSE OF TRANSACTION

The Issuer, Hexion Specialty Chemicals, Inc. ("Hexion") and Hexion, Nimbus Merger Sub, Inc., a wholly-owned subsidiary of Hexion ("Nimbus"), entered into a merger agreement dated as of July 12, 2007 pursuant to which Hexion agreed to purchase the Issuer on the terms and conditions set forth therein (the "Proposed Merger"). On or about June 18, 2008, a public dispute arose involving the Issuer, Hexion, Nimbus and certain related parties in connection with the Proposed Merger (the "Dispute"). Litigation relating to the Dispute has been commenced in several jurisdictions.

The Reporting Persons will routinely monitor a wide variety of investment considerations, including, without limitation, current and anticipated future trading prices for the Issuer's Common Stock, the Issuer's operations, assets, prospects, and business development, the Issuer's management, Issuer-related competitive and strategic matters, general economic, financial market and industry conditions, the status of the Dispute, as well as other investment considerations. The Reporting Persons have discussed and may in the future discuss their investment in the Issuer and the foregoing investment considerations with other shareholders, management, the Board of Directors, existing or potential strategic partners or competitors of the Issuer, other investors, industry analysts, Hexion and/or others and may take actions intended to facilitate the closing of the transactions contemplated by the Proposed Merger, including supporting actions taken by the Issuer, Hexion or other investors, taking any other actions that could have the purpose or effect of directly or indirectly changing or influencing control of the Issuer or offering to provide financing for the Proposed Merger (including in the form of an investment in Hexion) or any of the foregoing. These considerations, these discussions and other factors may result in the Reporting Persons acquiring additional Issuer securities, hedging their investment in Issuer securities or selling, trading or otherwise disposing of all or some holdings in the Issuer in the public markets, in privately negotiated transactions or otherwise, or take any other lawful action they deem to be in their best interests. There is no assurance that the Reporting Persons will take any such actions.

The Reporting Persons may from time to time in the ordinary course of business pledge, lend, or transfer the securities of the Issuer to brokers, banks or other financial institutions (the "Lenders") as collateral for loans or other obligations of the Reporting Persons pursuant to margin, prime brokerage, loan, or other financing arrangements. If the Reporting Persons enter such arrangements, the Lenders may acquire the right to vote and/or dispose of the securities of the Issuer held as collateral.

Except as set forth herein, the Reporting Persons have no present plans or proposals that would result in or relate to any of the transactions or changes listed in Items 4(a) through 4(j) of Schedule 13D.

ITEM 5. INTEREST IN SECURITIES OF THE ISSUER

- (a) Number of shares: 18,629,077 shares
Percentage of shares: 7.95%¹
- (b) Sole power to vote or direct the vote: 0
Shared power to vote or direct the vote: 18,629,077 shares
Sole power to dispose or to direct the disposition: 0
Shared power to dispose or direct the disposition: 18,629,077 shares
- (c) The table attached hereto as Exhibit 99.3 sets forth the transactions effected by the Reporting Persons in the Common Shares (and options to purchase or sell such Common Shares) during the last 60 days and through 1:00 p.m. (CDT) on the date of the filing of this Schedule 13D. - (d) Not applicable.
- (e) Not applicable.

ITEM 6. CONTRACTS, ARRANGEMENTS, UNDERSTANDINGS OR RELATIONSHIPS WITH RESPECT TO SECURITIES OF THE ISSUER

The Reporting Persons have entered into cash-settled total return swap transactions that reference Common Shares (the "Total Return Equity Swaps") with certain dealers. Each of the Total Return Equity Swaps is documented using a framework established by the International Swaps and Derivatives Association, Inc. ("ISDA") and based on ISDA model agreements. The Total Return Equity Swaps provide to the Reporting Persons "long" economic exposure to the total return on 3,561,700 Common Shares (or approximately 1.5% of the Common Shares outstanding). The Total Return Equity Swaps do not give the Reporting Persons voting, investment or dispositive control over any securities of the Issuer and do not require the derivatives dealers to acquire, hold, vote or dispose of any securities of the Issuer. The Reporting Persons disclaim any beneficial ownership in securities that may be referenced in the Total Return Equity Swaps or that may be held from time to time by any counterparties to the contracts (whether held as hedges or otherwise).

In addition, the Reporting Persons have entered into credit default swap transactions that reference the Issuer's debt (the "Credit Default Swaps") with certain dealers. Each of the Credit Default Swaps is documented using a framework established by ISDA and is based on ISDA model agreements. The Credit Default Swaps give the swap buyer the right to sell to the swap seller a specified quantity of the Issuer's senior unsecured debt to the seller upon the occurrence of certain specified credit events, during a specified time period, and for a payment equal to the par value of those debt instruments. In exchange for these rights obtained by the Credit Default Swap buyer, the buyer makes a premium payment to the seller. The Reporting Persons entered some of the Credit Default Swaps as buyer and entered some as seller, and have net long exposure to the Issuer's credit as a result of these transactions.

Except as otherwise set forth herein, the Reporting Persons do not have any contract, arrangement, understanding or relationship with any person with respect to the securities of the Issuer.
