DATED FEBRUARY 3, 2022

STARBOARD VALUE AND OPPORTUNITY MASTER FUND LTD

_____, 2022

Dear Fellow Huntsman Stockholders:

Starboard Value and Opportunity Master Fund Ltd (together with its affiliates, “Starboard” or “we”) and the other participants in this solicitation are the beneficial owners of an aggregate of 18,820,805 shares, or approximately 8.6%, of the outstanding common stock, par value \$0.01 per share (the “Common Stock”) of Huntsman Corporation, a Delaware corporation (“Huntsman” or the “Company”), making us one of the Company’s largest stockholders. For the reasons set forth in the attached Proxy Statement, we believe significant changes to the composition of the Board of Directors of the Company (the “Board”) are necessary in order to ensure that the Company is managed and overseen in a manner consistent with your best interests. We have nominated a slate of highly-qualified director candidates for election to the Board at the Company’s upcoming 2022 Annual Meeting of Stockholders (the “Annual Meeting”).

Huntsman is fundamentally a great company with strong market positions, diverse product portfolios, innovative chemistries and a difficult to replicate manufacturing footprint. However, we believe it remains deeply undervalued with opportunities to unlock significant value that are within the control of management and the Board. Despite promising future prospects, we believe Huntsman’s historical operating performance is the result of subpar execution, insufficient Board oversight, and lapses in corporate governance. We believe these issues have caused Huntsman to be valued significantly below its intrinsic value.

Despite our sincere efforts to engage constructively with the Board regarding our concerns and the opportunities for improvement, the Board chose not to meaningfully engage with us on these topics and instead, chose to take certain reactionary and defensive measures, which we believe were intended to disenfranchise stockholders. These actions included:

- The hasty removal and replacement of three (3) of the Board’s most tenured members while suggesting that these changes were part of a planned board refreshment process. We note that prior to these most recent changes, the Board had undergone expansion but not meaningful refreshment – three (3) directors were appointed in the eighteen months prior to the most recent Board changes, and all were appointed through expanding the size of the Board, which increased from eight (8) members to eleven (11) members over that period;
- The acceleration of the Annual Meeting to a much earlier date than would be typical for Huntsman. This aggressive maneuver deliberately shortened the director nomination window for the Annual Meeting from nearly a month to just ten (10) days following the announcement of the new Annual Meeting date; and
- The refusal, despite our repeated requests and upcoming SEC mandate, to utilize a universal proxy card for the Annual Meeting, which would have allowed stockholders to vote for those specific nominees from the total mix of candidates who they feel would best serve the Company.

These reactive and defensive maneuvers were implemented with the oversight of the current Board, and we believe included the approval of at least two (2) of the Board’s most recent director appointments, which has solidified our belief that further change is required. Stockholders deserve a board that demands accountability, implements proper governance practices, and is committed to ensuring the best interests of all stockholders are represented.

We believe that Huntsman can significantly improve its strategy, execution, and Board oversight, and are confident the slate of professionals we have nominated are well-qualified to serve as directors of the Company. The four (4) director candidates we have nominated - James L. Gallogly, Sandra Beach Lin, Susan C. Schnabel and Jeffrey C. Smith – have backgrounds spanning operations, finance, private equity, restructuring, strategic transformation and public company governance. As a group, they have substantial and highly successful experience in the chemical, energy and broader industrial industries. Collectively, they have decades of experience as CEOs, senior executives, chairmen and directors of well-performing chemical and industrial companies.

Our goal is to create value for the benefit of all stockholders. We believe a critical step towards achieving this objective is to improve the Board with directors who have exceptionally relevant skill sets and who will provide renewed accountability, as well as a singular focus on the best interests of common stockholders. Starboard has a long history of driving operational, financial, strategic, and governance changes that benefit employees, customers, and stockholders. We firmly believe that with the right Board in place, Huntsman can be a best-in-class differentiated chemicals company and generate significant value for all stockholders.

Smith and Peter A. Feld (collectively, "Starboard" or "we"), are significant stockholders of Huntsman Corporation, a Delaware corporation ("Huntsman" or the "Company"), who, together with the other participants in this solicitation, beneficially own in the aggregate approximately 8.6% of the outstanding shares of common stock, par value \$0.01 per share (the "Common Stock"), of the Company.

We are seeking to elect four (4) nominees to the Company's Board of Directors (the "Board") because we believe that the Board must be significantly reconstituted to ensure that the interests of the stockholders, the true owners of Huntsman, are appropriately represented in the boardroom. We have nominated a slate of director candidates who collectively possess decades of experience as CEOs, senior executives, chairmen and directors of well-performing chemical and industrial companies. If elected, these directors will bring fresh perspectives, talented leadership, accountability, and responsible oversight to the Board. We are seeking your support at the Company's 2022 Annual Meeting of Stockholders (including any adjournments or postponements thereof and any meeting which may be called in lieu thereof, the "Annual Meeting"), scheduled to be held on March 25, 2022 at [•] [•].m. Central Time at [•], for the following purposes:

1. To elect Starboard's director nominees, James L. Gallogly, Sandra Beach Lin, Susan C. Schnabel and Jeffrey C. Smith (each a "Nominee" and, collectively, the "Nominees"), to hold office until the 2023 Annual Meeting of Stockholders (the "2023 Annual Meeting") and until their respective successors have been duly elected and qualified;
2. To approve, on a non-binding advisory basis, the compensation of the Company's named executive officers;

4. If properly presented at the Annual Meeting, to vote on a proposal submitted by a stockholder to lower the ownership threshold for special meetings of stockholders to 10%; and
5. To transact such other business as may properly come before the Annual Meeting.

This Proxy Statement and the enclosed **BLUE** proxy card are first being furnished to stockholders on or about [•], 2022.

The Board is currently composed of fourteen (14) directors, each with terms expiring at the Annual Meeting. The Company has announced that four (4) of its fourteen (14) directors, Nolan D. Archibald, M. Anthony Burns, Sir Robert J. Margetts and Wayne A. Reaud, will be retiring from the Board immediately before the Annual Meeting, meaning ten (10) directors will be up for election at the Annual Meeting. Through the attached Proxy Statement and enclosed **BLUE** proxy card, we are soliciting proxies to elect our four (4) nominees. Stockholders who enclose the **BLUE** proxy card will also have the opportunity to vote for the candidates who have been nominated by the Company other than [•], [•], [•] and [•]. Stockholders will therefore be able to vote for the total number of directors up for election at the Annual Meeting. See the "Voting and Proxy Procedures" section of this Proxy Statement for additional information. Stockholders should refer to the Company's proxy statement for the names,

backgrounds, qualifications, and other information concerning the Company's nominees. If elected, our Nominees will constitute a minority on the Board and there can be no guarantee that our Nominees will be able to implement any actions that they may believe are necessary to unlock stockholder value, including the implementation of our comprehensive plans for the Company, which we plan on releasing in the coming weeks.

As of the date hereof, the members of Starboard and the Nominees collectively beneficially own 18,820,805 shares of Common Stock (the "Starboard Group Shares"). We intend to vote all of the Starboard Group Shares **FOR** the election of the Nominees, **[AGAINST]** an advisory (non-binding) proposal concerning the Company's executive compensation program, as described herein, **[FOR]** the ratification of the appointment of Deloitte and Touche LLP as the Company's independent registered public accounting firm and **FOR** the stockholder proposal to lower the ownership threshold for special meetings of stockholders to 10%. While we currently intend to vote all of the Starboard Group Shares in favor of the election of the Nominees, we reserve the right to vote some or all of the Starboard Group Shares for some or all of the Company's director nominees, as we see fit, in order to achieve a Board composition that we believe is in the best interest of all stockholders. Stockholders should understand, however, that all shares of Common Stock represented by the enclosed **BLUE** proxy card will be voted at the Annual Meeting as marked.

BACKGROUND TO THE SOLICITATION

The following is a chronology of material events leading up to this proxy solicitation:

- On September 27, 2021, representatives of Starboard had a call with Peter R. Huntsman, the Company's Chairman of the Board, President and Chief Executive Officer, and Ivan M. Marcuse, the Company's Vice President of Investor Relations, to inform the Company that Starboard was one of its largest stockholders and would be filing a Schedule 13D later that day. On the call, both parties agreed to schedule an in-person meeting in the following weeks to discuss the Company's performance.
- Later on September 27, 2021, Starboard filed a Schedule 13D with the SEC disclosing an 8.4% ownership position in the Company.
- On October 5, 2021, representatives of Starboard had a call with Mr. Huntsman to inform the Company that Starboard would be publicly discussing Huntsman as one of its top investment ideas at the annual 13D Monitor Active-Passive Investor Summit being held the following day.
- On October 6, 2021, Jeffrey C. Smith, Chief Executive Officer and Chief Investment Officer of Starboard, presented Huntsman as one of Starboard's top investment ideas at the annual 13D Monitor Active-Passive Investor Summit.
- On October 14, 2021, a meeting between representatives of Starboard and the Company was scheduled at the Company's Woodlands, Texas headquarters to discuss the Company's performance. This meeting was subsequently rescheduled by the Company due to an unexpected conflict.
- On October 25, 2021, representatives of Starboard had a meeting with Messrs. Huntsman and Marcuse and Philip M. Lister, the Company's Executive Vice President and Chief Financial Officer, at the Company's headquarters to discuss the Company's performance.
- On November 1, 2021, following the Company's Q3 2021 earnings announcement, representatives of Starboard had a video call with Mr. Marcuse and other members of the Company's Investor Relations team to further discuss the Company's performance.
- Between November 4, 2021 and November 7, 2021, Starboard participated in calls with Mr. Huntsman, Mr. Lister, and Mr. Marcuse regarding the Investor Day scheduled on November 9. During this process, Starboard executed a Non-Disclosure Agreement with the Company in order to review a draft of the Company's Investor Day Presentation and to discuss with, and provide recommendations to, the Company.
- On November 10, 2021, representatives of Starboard had a call with Mr. Marcuse to discuss comments made by management at the Company's Investor Day which was held on the day prior.

- On December 9, 2021, a representative of Starboard had a private meeting with Mr. Huntsman in New York City to discuss the Company's performance and requested further discussions on working together to improve the Board.
- On December 20, 2021, representatives of Starboard had a video call with Mr. Huntsman and director Cynthia L. Egan to discuss the Company's performance and Board composition. On the call, Starboard expressed its desire to have a significant role in proposing new candidates as part of a much-needed Board refreshment. Mr. Huntsman and Ms. Egan indicated they would respond to Starboard after conferring with the Board regarding Starboard's request.
- On December 22, 2021, a representative of Starboard had a call with Mr. Huntsman to inform the Company that Starboard would be requesting forms required for a potential nomination, but reiterated to Mr. Huntsman that Starboard remained hopeful that a constructive solution could be reached on the topic of Board refreshment, and looked forward to the Board's response regarding Starboard's request on December 20, 2021.
- On December 23, 2021, Starboard delivered a letter to the Company requesting certain nominee forms, as referenced in the Company's Sixth Amended and Restated Bylaws (the "Bylaws") to be completed by each of the Nominees in connection with the delivery of Starboard's notice of stockholder nominations (the "Nomination Documents").
- On December 30, 2021, the Company provided copies of the Nomination Documents.
- On Sunday, January 2, 2022, the Company announced that the Annual Meeting would be held "as expeditiously as possible" on March 25, 2022 and as a result, curtailed the timeframe under the Bylaws for stockholders to submit nominations of director candidates to just ten (10) days from the announcement. In past years, Huntsman had typically held its Annual Meeting at the end of April or in early May, and provided stockholders thirty-one (31) days to submit director nominations or other stockholder proposals. In addition, the press release announced the appointment of two (2) new directors, Curtis E. Espeland and José Muñoz, and the retirement of three (3) incumbent directors, Nolan Archibald, M. Anthony Burns and Sir Robert Margetts, at the expiration of each of their terms immediately prior to the Annual Meeting, purportedly pursuant to the Company's director retirement policy notwithstanding the fact that the Company had previously waived such policy for each of Messrs. Archibald and Burns for years. In addition, the press release announced that Wayne A. Reaud would be "stepping down from the Board at or before the 2023 Annual Meeting of Stockholders when he will reach the retirement age."
- Between January 3, 2022 and January 11, 2022:
 - o Counsel for Starboard had several discussions with counsel for the Company requesting the Company's agreement to the use of a universal proxy card in connection with the Annual Meeting, which the Company ultimately refused. Starboard requested the use of a universal proxy card because it is widely acknowledged as a governance best practice and offers stockholders the greatest flexibility to vote for their preferred mix of director nominees. The Board's refusal to use a universal proxy card is also perplexing given that the Securities and Exchange Commission has already adopted rules requiring the use of a universal proxy card for all contested annual meeting elections after August 31, 2022.
 - o Following the Company's non-response to Starboard's initial request on December 20, 2021 to work constructively with the Board on a refreshment, and the Company's subsequent announcement to: (i) add two (2) directors to the Board; and (ii) shorten the timing of the Annual Meeting and the director nomination window, representatives of Starboard again contacted representatives of the Company to request a potential collaborative solution.

- o Representatives of the Company had a call with representatives of Starboard informing them that the Board would only be interested in interviewing James L. Gallogly and Sandra Beach Lin.

- o Starboard agreed to allow for the Company to interview each of Mr. Gallogly and Ms. Lin, with the understanding that Starboard would not find a proposed solution acceptable unless, at a minimum, two (2) of Starboard’s candidates were chosen for the Board.
 - o In a separate call, Mr. Huntsman informed Mr. Smith that the Board would not be interested in meeting with Mr. Smith and would not be considering him as a potential director candidate.
 - o Subsequent to the Board’s interviews with both Mr. Gallogly and Ms. Lin, the Company informed Starboard that David B. Sewell would be appointed to the Board immediately, but there would also be interest in having only Ms. Lin join the Board. Starboard informed the Company that it considered the Company’s proposal to be insufficient and not in the best interest of stockholders.
 - o Mr. Smith requested that Mr. Huntsman speak with Mr. Gallogly, given Mr. Gallogly’s qualifications and significant interest in serving on the Board. Mr. Huntsman refused.
 - o In a separate call, Mr. Smith requested to speak with Mr. Sewell and spoke with Mr. Sewell.
- On January 11, 2022, the Company issued a press release announcing that it had appointed Mr. Sewell to the Board. Contrary to the January 3 announcement contemplating that Mr. Reaud would retire from the Board “at or before the 2023 Annual Meeting when he will reach the retirement age”, the Company announced that Mr. Reaud would be retiring from the Board at the end of his current term immediately before the Annual Meeting.
 - On January 12, 2022, Starboard delivered a letter to the Company, in accordance with the Company’s organizational documents, nominating Mr. Gallogly, Ms. Lin, Ms. Schnabel and Mr. Smith for election to the Board at the Annual Meeting (the “Nomination Notice”).
 - Also on January 12, 2022, Starboard issued a press release announcing its nomination of the Nominees and its delivery of a letter to Mr. Huntsman, with a copy to the Board. In the letter, Starboard expressed its frustration with the Company’s history of missed execution, unfulfilled promises and corporate governance deficiencies, including the Board’s recent reactive maneuvers that Starboard believes were designed to disenfranchise the Company’s stockholders. In the letter, Starboard reiterated its willingness to engage with the Company to find a mutually agreeable resolution.
 - Later on January 12, 2022, Starboard filed Amendment No. 1 to its Schedule 13D with the SEC announcing its nomination of the Nominees.
 - Also on January 12, 2022, the Company issued a press release in response to the nominations announced by Starboard.
 - On January 19, 2022, Starboard delivered a letter to the Company requesting the inspection of certain stockholder list materials and related information pursuant to Section 220 of the Delaware General Corporation Law (the “Books and Records Request”).
 - On January 20, 2022, Starboard filed its preliminary proxy statement with the SEC.
 - On January 26, 2022, the Company responded to Starboard’s Books and Records Request.
 - Also on January 26, 2022, the Company delivered a letter (the “Request Letter”) to Starboard responding to the Nomination Notice, which included numerous requests for additional information regarding Starboard and the Nominees as a result of purported questions that arose upon the Company’s review of the Nomination Notice and in connection with its prior interviews of Mr. Gallogly and Ms. Lin during what Starboard had thought were good faith settlement discussions with the Company. The Request Letter further alleges that the information requested by the Company is a condition to the nominations pursuant to the Nomination Notice being deemed properly brought before the Annual Meeting.
 - On February 1, 2022, Starboard delivered a letter to the Company responding to the Request Letter, stating that the Request Letter includes a substantial number of questions wholly unrelated to the Nominees’ eligibility and qualifications to serve on the Board and improperly seeks information that well exceeds Starboard’s disclosure obligations as a nominating stockholder. Starboard further expressed its concerns that the Company is attempting to use certain nominee interviews that were conducted in furtherance of trying to reach a mutual resolution as a back door to inappropriately extract additional information of the Nominees, thereby underscoring Starboard’s belief that the Board was not engaging in good faith negotiations with Starboard. Notwithstanding Starboard’s belief that the Request Letter serves no legitimate purpose other than an attempt to frustrate a stockholder’s long-standing right to nominate director candidates, Starboard voluntarily provided some clarifying information to further support the exemplary qualifications of the Nominees.
 - Also on February 1, 2022, the Company filed its preliminary proxy statement with the SEC.
 - On February 3, 2022, Starboard filed this amendment no. 1 to its preliminary proxy statement with the SEC.

REASONS FOR THE SOLICITATION

We believe Huntsman has significantly underperformed and has failed to create meaningful value for long-term stockholders. We believe this underperformance is the result of poor management execution, insufficient Board oversight, and lapses in corporate governance.

As background, Huntsman was founded as a family-owned company in the early 1970s, and conducted an Initial Public Offering (the “IPO”) in 2005. Over the past seventeen years as a publicly-traded entity, the Company’s key management and Board leadership roles have remained largely unchanged. CEO Peter Huntsman has been at the Company’s helm since 2000, while a majority of the Board’s leadership positions have, until very recently, been held by directors with decade-long tenures. As a result, we believe the Board and management team have had ample opportunity to execute against their vision for the Company, and demonstrate to stockholders that they are the right stewards of stockholder capital.

Unfortunately, we believe the Board has presided over years of poor operating performance, missed financial targets, and broken promises. Yearly restructuring initiatives have seemingly not led to meaningful Adjusted EBITDA margin improvement and we see little evidence that a decade-long sizeable valuation discount to peers has been addressed. Despite the Company’s disappointing financial track record, the Board has seemingly taken few actions to hold management accountable, and despite recent and reactionary changes to the Board, the Board has continued to make poor governance decisions.

We invested in Huntsman because we believe with greater urgency, accountability, and governance, the Company has the potential to be a best-in-class differentiated chemicals manufacturer given its strong market positions, diverse product portfolios, innovative chemistries and difficult to replicate manufacturing footprint. While our interactions over the past few months with both management and the Board have yielded several constructive commitments – more ambitious financial targets, more stockholder-friendly capital allocation decisions, and more aligned executive compensation plans – the Company’s recent maneuvering to shorten the stockholder nomination deadline, while abruptly appointing three (3) new directors to the Board during our ongoing engagement, lead us to question whether the Board has genuine intent to hold management accountable for those commitments. We believe stockholders deserve a Board that demands accountability and is committed to taking proactive measures with the best interests of stockholders in mind at all times. We are deeply concerned that continued complacency and deference to management will jeopardize the tremendous value

creation opportunity we believe is possible at Huntsman.

We are therefore soliciting your support at the Annual Meeting to elect our four (4) highly qualified Nominees – James L. Gallogly, Sandra Beach Lin, Susan C. Schnabel and Jeffrey C. Smith - who we believe would not only bring significant and relevant experience to the Board, but also a commitment to demand accountability and promote a results-driven culture at Huntsman. The Nominees were carefully selected and possess skill sets in areas that we believe are directly relevant to Huntsman’s business and its current challenges and opportunities.

Long-Term Stockholders Have Suffered From Significant Stock Price Underperformance

Since the IPO, the Company’s stock price has significantly underperformed its Proxy Performance Peers, and both the chemicals and broader market indices.

The Company Has Repeatedly Missed Its Financial Commitments to Stockholders

Over the past decade, the Company has repeatedly made financial commitments to stockholders, and consistently failed to deliver on those commitments. In particular, the Company presented Adjusted EBITDA targets to stockholders at three sequential Investor Days – 2014, 2016, and 2018 – and failed to achieve all three targets.

At Huntsman’s 2014 Investor Day, the Company committed to achieving \$2.0 billion of Adjusted EBITDA over the following two to three years. Unfortunately, Adjusted EBITDA declined by more than \$350 million between 2014 and 2016, ending with only \$1.1 billion, which was approximately 44% below the \$2.0 billion target that had previously been presented to stockholders.

At Huntsman’s 2016 Investor Day, the Company believed it could achieve \$1.7 billion of Adjusted EBITDA by the end of 2017 if conditions in its volatile titanium dioxide (“TiO2”) business were to normalize. However, setting the TiO2 business aside, the Company was confident that its remaining businesses could generate \$1.3 billion of Adjusted EBITDA over the same time period. The TiO2 business was spun-off in mid-2017, and unfortunately, the remaining core business not only fell short of expectations, but would have performed significantly worse had it not been for a one-time \$125 million benefit from a commodity price spike that management acknowledged was unlikely to reoccur.

The business contributed \$38 million of EBITDA in 2016 per the Company's Q4 2017 8-K filing, which is calculated as the difference between Adjusted EBITDA and pro forma Adjusted EBITDA as disclosed on page 6 of the filing. As a result, because the Company \$1,500 million Adjusted EBITDA target had been set before the divestiture of the European differentiated surfactants business, we reduce the target by \$38 million in order to make an apples-to-apples comparison.

At Huntsman's 2018 Investor Day, the Company set a target for 10% Adjusted EBITDA CAGR over three years, and additionally outlined a plan to improve its share price by \$27 over the same time frame, implying Huntsman stock should be worth \$60 per share by the end of 2020. Unfortunately, even before the onset of the global pandemic, Adjusted EBITDA had already declined by over 20% between 2018 and 2019, and the Company's stock price had declined from the low-\$30s into the mid-\$20s, which was well below the \$60 price target implied at the Company's 2018 Investor Day.

Collectively, we believe the Company's years of missed execution and broken promises have severely eroded stockholder confidence, resulting in significant long-term stock price underperformance versus peers, and against the chemical and broader market indices. While we remain hopeful that the Company will achieve and exceed its new 2021 Investor Day targets, we are highly concerned that continued poor execution and lack of accountability will once again lead to stockholder disappointment. As a result, we not only strongly believe that further Board refreshment is necessary, but also believe our proposed nominees, who are highly experienced and qualified board members, are the right individuals needed to hold management accountable for achieving or exceeding the Company's new financial targets.

We Believe the Board Has Not Fostered a Culture of Accountability

While we are certainly disappointed by the Company's track record of poor execution, we believe such extended mediocrity has largely been enabled by the Board's seeming indifference and unwillingness to demand accountability. A review of management's historical short-term incentive compensation plans reveals a consistent disparity between the Board's targets for management, and management's commitments to stockholders.

For background, Adjusted EBITDA is a metric used to determine management's short-term incentive compensation. ¹ As such, we would have expected the Board to set Adjusted EBITDA targets to reflect commitments made to stockholders at the Company's various investor days. Unfortunately, the Board does not appear to have been interested in fostering a culture of accountability.

At Huntsman's 2014 Investor Day, the Company committed to achieving \$2.0 billion of Adjusted EBITDA within the next two to three years. However, by 2016, the Board's Adjusted EBITDA target for management's short-term compensation plan not only remained more than \$500 million below the Company's \$2.0 billion target, but had also been lowered relative to the prior year.

At Huntsman's 2016 Investor Day, the Company committed to achieving \$1.4 - \$1.7 billion of Adjusted EBITDA by 2017 (\$1.3 billion of Adjusted EBITDA in the core Huntsman businesses and \$100 - \$400 million of Adjusted EBITDA in the TiO₂ business). However, the Board again set targets far below what was promised to stockholders. In fact, the Board's Adjusted EBITDA targets, which included contribution from the Company's TiO₂ business, were so modest that they were even lower than the ex-TiO₂ Adjusted EBITDA target previously communicated to stockholders.

¹ For clarity, the Company refers to Adjusted EBITDA as "Corporate Adjusted EBITDA" in its proxy filings when discussing short-term incentive compensation.

As a result, because the Company's \$1,200 million Adjusted EBITDA target had been set before the divestiture of the European differentiated surfactants business, we reduce the target by \$28 million in order to make an apples-to-apples comparison.

At Huntsman's 2018 Investor Day, the Company committed to an Adjusted EBITDA CAGR of greater than 10% through 2020. Despite this commitment, and even before the impact of COVID was known, the Board had lowered its target for management to negative 2% CAGR versus the positive 10% CAGR that the Company had previously targeted. Once again, the Board seemed to demonstrate no intention of holding management accountable for the Company's commitments to stockholders.

(3) 2020 target calculated by taking 2017 Adjusted EBITDA, pro forma for the sale of Chemical Intermediates and adjusted for the impact of one-time events as disclosed on pg. 18 of the Company's 2018 Investor Day presentation, and applying a 10% growth rate over three years, consistent with management targets in the Company's 2018 Investor Day presentation.

We are highly concerned by the Board's tendency over many years to be undemanding of management. We believe this apparent inability or unwillingness to demand accountability has not only enabled the Company's track record of poor execution, but also eroded the Company's credibility with both stockholders and investment analysts. Further, we are highly concerned with the Board's willingness to set internal compensation goals meaningfully below the Company's publicly committed targets and believe there is a need for strong and capable independent Board members to improve Board oversight and accountability.

We Believe the Board's Recent Actions Are Reactive and Serve to Disenfranchise Stockholders

We believe years of operational underperformance have created significant, deep-seated skepticism among the stockholder base, not only skepticism that the Company

will finally begin to deliver on its commitments, but also skepticism that the Board will finally hold management accountable if it falters. While the Company has added new directors in recent years, we believe stockholders should be incredibly concerned by the Board's recent actions and question whether new faces in the boardroom are simply perpetuating old stockholder-unfriendly tendencies.

By way of brief background, we had hoped to collaborate with the Company on a plan for Board refreshment to bring talented, objective, independent and fervent stockholder advocates into the boardroom. We had explained to the Company that the timing of such refreshment seemed appropriate as a number of long-tenured and highly conflicted incumbent directors were nearing or had already surpassed the Company's mandated retirement age. However, rather than engage constructively with us despite our sincere efforts, the Board chose to react in a highly defensive manner, taking three distinct actions that we believe were intended to disenfranchise stockholders:

1. The Board chose to quickly replace its most tenured members and suggested to stockholders that these replacements were part of a planned board refreshment process, a questionable claim when at least two outgoing members had previously been allowed to serve for years after exceeding the Board's suggested retirement age.
2. On Sunday, January 2, 2022, less than a week after the 31-day director nomination window for stockholders had opened, the Board maneuvered to abridge the nomination window from nearly a month to just ten (10) days. In continued poor form, the Company issued the press release notifying stockholders of such action on the Sunday after New Year's Day, which we believe was deliberately timed with the hope of catching stockholders unaware or to further reduce the nominating window's practical number of business days, or both.²
3. The Board refused our repeated requests to allow stockholders the use of a universal proxy card despite the Securities and Exchange Commission having already adopted rules requiring the use of a universal proxy card for all contested annual meeting elections after August 31, 2022. The Board's refusal to use a universal proxy card is especially perplexing because the use of a universal proxy card is widely acknowledged as a governance best practice and offers stockholders the greatest ability to vote for their preferred mix of director nominees. Further, we would note that the Board made its refusal to use a universal proxy card after the addition of its new nominees, and as such, we presume the new nominees were not only included in the Board's decision-making, but were also supportive of straying from governance best practices.

Collectively, the Board's recent stockholder-unfriendly actions have provided us further conviction that change is necessary. Stockholders deserve a Board that can provide proper independence, governance, and accountability, and we firmly believe that the Board, as currently constituted appears to lack the independent strength, skill, and experience to fervently represent the best interests of all stockholders.

We Believe Huntsman Needs a Reconstituted Board to Restore Credibility with Stockholders

Our goal is to create value for the benefit of all stockholders. We believe that Huntsman has the potential to become a best-in-class differentiated chemicals company. However, poor operational execution, insufficient accountability, and poor Board oversight have contributed to financial results that dramatically understate the intrinsic potential of the Company's assets.

Over the past few months, Huntsman has not only presented stockholders with financial targets that seem to promise a better future, but has also asked stockholders to trust management and the Board to finally execute with excellence. We have no doubt that Huntsman's assets are capable of much more than historical results might suggest, but we also believe that Huntsman needs better oversight and appropriate guidance to significantly improve its financial trajectory.

To this end, we are seeking to elect four (4) distinguished and well-qualified individuals to serve as directors of Huntsman. Over the coming weeks and months, we look forward to sharing our detailed views and plans for Huntsman, which will include, among others, plans to improve the Company's operating performance and governance practices. If elected, our Nominees are prepared to work constructively with their fellow Board members to ensure accountability and improve operational execution in order to maximize value for all of Huntsman's stockholders. We look forward to engaging with you as we approach the Annual Meeting.

² The initial director nomination deadline for the Annual Meeting was January 28, 2022, which was abridged pursuant to the Company's Bylaws to January 12, 2022 following the Company's announcement in a press release issued on January 2, 2022 that the Annual Meeting would be held more than 30 days earlier than the anniversary of the Company's 2021 Annual Meeting of Stockholders.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board is currently composed of fourteen (14) directors, each with terms expiring at the Annual Meeting. The Company has announced that four (4) of its fourteen (14) directors, Nolan D. Archibald, M. Anthony Burns, Sir Robert J. Margetts and Wayne A. Your vote to elect our Nominees will have the legal effect of replacing four (4) incumbent directors of the Company with our Nominees. If elected, our Nominees will represent a minority of the members of the Board and therefore it is not guaranteed that they will be able to implement any actions that they may believe are necessary to enhance stockholder value, including the implementation of our comprehensive plans for the Company, which we plan to release in the coming weeks. As of the date hereof, Ms. Schnabel beneficially owns 1,000 shares of Common Stock held jointly with her spouse. For information regarding transactions in securities of the Company during the past two years by Ms. Schnabel, please see [Schedule I](#).

Starboard V&O Fund, Starboard S LLC, Starboard C LP, Starboard P LP, Starboard P GP, Starboard R LP, Starboard L Master, Starboard L GP, Starboard R GP, Starboard Echo II LLC, Starboard Leaders Fund, Starboard A LP, Starboard A GP, Starboard X Master, Starboard G LP, Starboard G GP, Starboard Value LP, Starboard Value GP, Principal Co, Principal GP, Mr. Feld and the Nominees (collectively, the "Group") entered into a Joint Filing and Solicitation Agreement in which, among other things, (i) the Group agreed to solicit proxies or written consents for the election of the Nominees, or any other person(s) nominated by Starboard V&O Fund, to the Board at the Annual Meeting, (ii) the Group agreed to take all other action the Group deems necessary or advisable to achieve the foregoing, and (iii) Starboard V&O Fund, Starboard S LLC, Starboard C LP, Starboard P LP, Starboard L Master, Starboard Echo II LLC, Starboard X Master, Starboard G LP and Starboard Value LP through the Starboard Value LP Account agreed to bear all expenses incurred in connection with the Group's activities, including approved expenses incurred by any of the parties in connection with the solicitation, subject to certain limitations.

Each of the Nominees, as a member of a "group" for the purposes of Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), may be deemed to beneficially own the shares of Common Stock owned in the aggregate by the other members of the Group. Each of the Nominees specifically disclaims beneficial ownership of the shares of Common Stock owned by the other members of the Group. For information regarding transactions in securities of the Company during the past two years by the participants in this solicitation, see [Schedule I](#).

Starboard V&O Fund has signed separate letter agreements with each of the Nominees (other than Mr. Smith) pursuant to which it and its affiliates have agreed to indemnify such Nominees against certain claims arising from the solicitation of proxies from the Company's stockholders in connection with the Annual Meeting and any related transactions. For the avoidance of doubt, such indemnification does not apply to any claims made against such Nominees in their capacities as directors of the Company, if so elected.

Starboard V&O Fund has signed compensation letter agreements (the "Compensation Letter Agreements") with each of the Nominees (other than Ms. Lin and Mr. Smith), pursuant to which it has agreed to pay each of such Nominees: (i) \$25,000 in cash as a result of the submission by Starboard V&O Fund of its nomination of each of such Nominees to the Company and (ii) \$25,000 in cash upon the filing by Starboard V&O Fund of a definitive proxy statement with the SEC relating to the solicitation of proxies in favor of such Nominees' election as directors of the Company. Pursuant to the Compensation Letter Agreements, each of such Nominees has agreed to use the after-tax proceeds from such compensation to acquire securities of the Company (the "Nominee Shares") at such time that each of such Nominees shall determine, but in any event no later than fourteen (14) days after receipt of such compensation, subject to Starboard V&O Fund's right to waive the requirement to purchase the Nominee Shares. Pursuant to the Compensation Letter Agreements, each of such Nominees has agreed not to sell, transfer or otherwise dispose of any Nominee Shares until the earliest to occur of (i) the Company's appointment or nomination of such Nominee as a director of the Company, (ii) the date of any agreement with the Company in furtherance of such Nominee's nomination or appointment as a director of the Company, (iii) Starboard V&O Fund's withdrawal of its nomination of such Nominee for election as a director of the Company, and (iv) the date of the Annual Meeting; provided, however, in the event that the Company enters into a business combination with a third party, each of such Nominees, may sell, transfer or exchange the Nominee Shares in accordance with the terms of such business combination.

Starboard believes that each Nominee presently is, and if elected as a director of the Company, each of the Nominees would be, an "independent director" within the meaning of (i) applicable New York Stock Exchange ("NYSE") listing standards applicable to board composition and (ii) Section 301 of the Sarbanes-Oxley Act of 2002. Notwithstanding the foregoing, Starboard acknowledges that no director of a NYSE listed company qualifies as "independent" under the NYSE listing standards unless the board of directors affirmatively determines that such director is independent under such standards. Accordingly, Starboard acknowledges that if any Nominee is elected, the determination of the Nominee's independence under the NYSE listing standards ultimately rests with the judgment and discretion of the Board. No Nominee is a member of the Company's compensation, nominating or audit committee that is not independent under any such committee's applicable independence standards.

Other than as stated herein, and except for compensation received by Mr. Smith as an employee of Starboard Value LP, there are no arrangements or understandings between Starboard and any of the Nominees or any other person or persons pursuant to which the nomination of the Nominees described herein is to be made, other than the consent by each of the Nominees to be named in this Proxy Statement and to serve as a director of the Company if elected as such at the Annual Meeting. None of the Nominees is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries in any material pending legal proceedings.

We do not expect that any of the Nominees will be unable to stand for election, but, in the event any Nominee is unable to serve or for good cause will not serve, the shares of Common Stock represented by the enclosed **BLUE** proxy card will be voted for substitute nominee(s), to the extent this is not prohibited under the Company's Bylaws and applicable law. In addition, we reserve the right to nominate substitute person(s) if the Company makes or announces any changes to the Bylaws or takes or announces any other action that has, or if consummated would have, the effect of disqualifying any Nominee, to the extent this is not prohibited under the Bylaws and applicable law. In any such case, shares of Common Stock represented by the enclosed **BLUE** proxy card will be voted for such substitute nominee(s). We reserve the right to nominate additional person(s), to the extent this is not prohibited under the Bylaws and applicable law, if the Company increases the size of the Board above its existing size or increases the number of directors whose terms expire at the Annual Meeting. Additional nominations made pursuant to the preceding sentence are without prejudice to the position of Starboard that any attempt to increase the size of the current Board or to classify the Board constitutes an unlawful manipulation of the Company's corporate machinery.

WE URGE YOU TO VOTE FOR THE ELECTION OF THE NOMINEES ON THE ENCLOSED BLUE PROXY CARD.

PROPOSAL NO. 2

**NON-BINDING ADVISORY VOTE TO APPROVE THE
COMPENSATION OF HUNTSMAN'S NAMED EXECUTIVE OFFICERS**

As disclosed in the Company's proxy statement, under Section 14A of the Exchange Act, the Company's stockholders are entitled to vote on a proposal to approve on an advisory (non-binding) basis, the compensation of the named executive officers. This proposal, commonly known as a "say-on-pay" proposal, is not intended to address any specific item of compensation, but rather the overall compensation of the Company's named executive officers and the philosophy, policies and practices described in the Company's proxy statement. Accordingly, the Company is asking stockholders to vote for the following resolution:

"RESOLVED, that the stockholders of Huntsman Corporation approve, on a non-binding advisory basis, the compensation of its named executive officers as disclosed in the Proxy Statement for the 2022 Annual Meeting pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and other related tables and disclosures."

According to the Company's proxy statement, the advisory vote on this proposal is not binding upon the Company, however, the Company's Compensation Committee, which is responsible for designing and administering its executive compensation program, will consider the outcome of the vote when making future compensation decisions for its named executive officers.

[WE MAKE NO RECOMMENDATION WITH RESPECT TO THIS PROPOSAL] AND INTEND TO VOTE OUR SHARES ["AGAINST"] THIS PROPOSAL.

PROPOSAL NO. 3

RATIFICATION OF THE APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

As discussed in further detail in the Company's proxy statement, the Audit Committee of the Board has appointed Deloitte & Touche LLP to serve as the Company's independent registered public accounting firm and to audit its consolidated financial statements for the fiscal year ending December 31, 2022. The Company is submitting its selection of Deloitte & Touche LLP to stockholders for ratification at the Annual Meeting. According to the Company's proxy statement, if the selection of the independent registered public accounting firm is not ratified, the Audit Committee will reconsider its selection of Deloitte & Touche LLP for future years.

[WE MAKE NO RECOMMENDATION WITH RESPECT TO THIS PROPOSAL] AND INTEND TO VOTE OUR SHARES ["FOR"] THIS PROPOSAL.

PROPOSAL NO. 4

STOCKHOLDER PROPOSAL TO LOWER OWNERSHIP THRESHOLD FOR SPECIAL MEETING OF STOCKHOLDERS TO 10%

As discussed in further detail in the Company's proxy statement, John Chevedden, a stockholder of the Company, has submitted a proposal to the Company which calls for the Board to take the steps necessary to lower the ownership threshold to 10% for stockholders of the Company to call a special meeting of stockholders. The text of Mr. Chevedden's proposal follows:

"Shareholders ask our board to take the steps necessary to amend the appropriate company governing documents to give the owners of a combined 10% of our outstanding common stock the power to call a special shareholder meeting.

One of the main purposes of this proposal is to give shareholders the right to formally participate in calling for a special shareholder meeting regardless of their length of stock ownership to the fullest extent possible.

It is important to adopt this proposal because all Huntsman shares not held for one continuous year are 100% disqualified from formally participating in the call for a special shareholder meeting. Under this ill-conceived rule management discriminates against shareholders who bought Huntsman stock during the past 12 months.

Such shareholders are now second-class shareholders as far as having input to management. And shareholders who recently made the investment decision to buy Huntsman stock or increase their holdings can be the most informed shareholders.

This proposal is also more important to Huntsman shareholders because we do not have a right to act by written consent. Many companies provide for shareholders to have both the right to call a special shareholder meeting and a right to act by written consent.

Plus Huntsman shareholders gave 43%-support to a 2021 shareholder proposal to provide for a shareholder right to act by written consent. This 43%-support may have represented 51%-support from the shares that have access to independent proxy voting advice and are not forced to rely on biased management voting advice.

Special shareholder meetings allow shareholders to vote on important matters, such as electing new directors with special expertise or independence that may be lacking in our current or future directors as was the case with the 3 new Exxon directors supported by the Engine No. 1 hedge fund at the 2021 Exxon annual meeting.

Our management is best served by providing the means for 10% of shareholders, who may have special expertise, to bring emerging opportunities or solutions to problems to the attention of management and all shareholders.

A reasonable shareholder right to call for a special shareholder meeting can make shareholder engagement meaningful. If management is insincere in its shareholder

engagement, a right for shareholders to call for a special meeting can make management think twice about insincerity.

It is important to remember that management can abruptly discontinue any shareholder engagement program if it fails to give mostly cheerleading input to management. A more reasonable shareholder right to call for a special shareholder meeting will help ensure that management engages with shareholders in good faith because shareholders will have a viable Plan B as an option.

VOTING AND PROXY PROCEDURES

According to the Company’s proxy statement, holders of Common Stock are entitled to one vote for each share of Common Stock held of record on the Record Date with respect to each matter to be acted on at the Annual Meeting. Only stockholders of record on the Record Date will be entitled to notice of and to vote at the Annual Meeting. Stockholders who sell their shares of Common Stock before the Record Date (or acquire them without voting rights after the Record Date) may not vote such shares of Common Stock. Stockholders of record on the Record Date will retain their voting rights in connection with the Annual Meeting even if they sell such shares of Common Stock after the Record Date. Based on publicly available information, Starboard believes that the only outstanding class of securities of the Company entitled to vote at the Annual Meeting is the Common Stock.

Shares of Common Stock represented by properly executed **BLUE** proxy cards will be voted at the Annual Meeting as marked and, in the absence of specific instructions, will be voted **FOR** the election of the Nominees and **FOR** the election of the Company’s nominees other than [], [], [] and [], [**AGAINST**] the advisory (non-binding) proposal concerning the Company’s executive compensation program, [**FOR**] the ratification of the appointment of Deloitte & Touche LLP as the Company’s independent registered public accounting firm, **FOR** the stockholder proposal to lower the ownership threshold for special meetings of stockholders to 10%, and in the discretion of the persons named as proxies on all other matters as may properly come before the Annual Meeting, as described herein.

The Board is currently composed of fourteen (14) directors, each with terms expiring at the Annual Meeting. The Company has announced that four (4) of the Company’s fourteen (14) directors will be retiring from the Board immediately before the Annual Meeting, meaning ten (10) directors will be up for election at the Annual Meeting. This Proxy Statement is soliciting proxies to elect our four (4) Nominees. To the extent that ten (10) directors are up for election at the Annual Meeting, stockholders who vote on the enclosed **BLUE** proxy card will also have the opportunity to vote for the candidates who have been nominated by the Company other than [], [], [] and []. Stockholders will therefore be able to vote for the total number of directors up for election at the Annual Meeting. Under applicable proxy rules, we are required either to solicit proxies only for our Nominees, which could result in limiting the ability of stockholders to fully exercise their voting rights with respect to the Company’s nominees, or to solicit for our Nominees while also allowing stockholders to vote for fewer than all of the Company’s nominees, which enables a stockholder who desires to vote for our Nominees to also vote for certain of the Company’s nominees. Stockholders should refer to the Company’s proxy statement for the names, backgrounds, qualifications and other information concerning the Company’s nominees. In the event that some of our Nominees are elected, there can be no assurance that the Company’s nominees who get the most votes and are elected to the Board will choose to serve on the Board with the Nominees who are elected.

While we currently intend to vote all of the Starboard Group Shares in favor of the election of the Nominees, we reserve the right to vote some or all of the Starboard Group Shares for some or all of the Company’s director nominees, as we see fit, in order to achieve a Board composition that we believe is in the best interest of all stockholders. Stockholders should understand, however, that all shares of Common Stock represented by the enclosed **BLUE** proxy card will be voted at the Annual Meeting as marked.

24

QUORUM; BROKER NON-VOTES; DISCRETIONARY VOTING

A quorum is the minimum number of shares of Common Stock that must be represented at a duly called meeting in person or by proxy in order to legally conduct business at the meeting under the Company’s Bylaws and Delaware Law. A majority of the voting power of all outstanding shares of Common Stock entitled to vote in the election of directors, properly represented in person or by proxy, is required for a quorum at the Annual Meeting.

Abstentions, withhold votes and “broker non-votes” are counted as shares present and entitled to vote for purposes of determining a quorum. However, if you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote (a “broker non-vote”). Under applicable rules, your broker will not have discretionary authority to vote your shares at the Annual Meeting on any of the proposals.

If you are a stockholder of record, you must deliver your vote by mail, the Internet, by telephone or attend the Annual Meeting in order to be counted in the determination of a quorum.

25

VOTES REQUIRED FOR APPROVAL

Election of Directors — The Company has adopted a majority vote standard for non-contested director elections and a plurality vote standard for contested director elections. As a result of our nomination of the Nominees, the director election at the Annual Meeting will be contested, so the ten (10) director nominees who receive the most affirmative votes at the Annual Meeting will be elected to the Board. You may not cumulate your votes in the election of directors. Abstentions, withhold votes, and any broker non-votes will have no effect on the outcome of this proposal.

Advisory Vote on Executive Compensation — According to the Company’s proxy statement, the vote to approve, on an advisory basis, the compensation of the Company’s named executive officers requires the approval of a majority of the voting power of the shares of Common Stock present in person or by proxy and entitled to vote at the Annual Meeting. Abstentions are treated as shares present in person or by proxy and entitled to vote at the Annual Meeting and, therefore, will have the same effect as a

vote “Against” this proposal. Any broker non-votes will have no effect on the outcome of this proposal.

Ratification of the Appointment of Accounting Firm— According to the Company’s proxy statement, the proposal to ratify the appointment of Deloitte & Touche LLP to serve as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2022, requires the affirmative vote of a majority of the voting power of the shares of Common Stock present in person or by proxy at the Annual Meeting and entitled to vote thereon. Abstentions will have the effect of a vote “Against” the proposal and any broker non-votes will have no effect on the outcome of this proposal.

Stockholder Proposal to Lower Ownership Threshold to Call a Special Meeting— According to the Company’s proxy statement, the vote to approve the stockholder proposal requires the affirmative vote of a majority of the voting power of the shares of Common Stock present in person or by proxy and entitled to vote at the Annual Meeting. Abstentions are treated as shares present in person or by proxy and entitled to vote at the Annual Meeting and, therefore, will have the same effect as a vote “Against” this proposal. Any broker non-votes will have no effect on the outcome of this proposal.

Under applicable Delaware law, none of the holders of Common Stock is entitled to appraisal rights in connection with any matter to be acted on at the Annual Meeting. If you sign and submit your **BLUE** proxy card without specifying how you would like your shares voted, your shares will be voted in accordance with Starboard’s recommendations specified herein and in accordance with the discretion of the persons named on the **BLUE** proxy card with respect to any other matters that may be voted upon at the Annual Meeting.

REVOCATION OF PROXIES

Stockholders of the Company may revoke their proxies at any time prior to exercise by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy) or by delivering a written notice of revocation. The delivery of a subsequently dated proxy which is properly completed will constitute a revocation of any earlier proxy. The revocation may be delivered either to Starboard in care of Okapi Partners at the address set forth on the back cover of this Proxy Statement or to the Company at 10003 Woodloch Forest Drive, The Woodlands, Texas 77380 or any other address provided by the Company. Although a revocation is effective if delivered to the Company, we request that either the original or photostatic copies of all revocations be mailed to Starboard in care of Okapi Partners at the address set forth on the back cover of this Proxy Statement so that we will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date of a majority of the outstanding shares of Common Stock. Additionally, Okapi Partners may use this information to contact stockholders who have revoked their proxies in order to solicit later dated proxies for the election of the Nominees.

26

IF YOU WISH TO VOTE FOR THE ELECTION OF THE NOMINEES TO THE BOARD, PLEASE SIGN, DATE AND RETURN PROMPTLY THE ENCLOSED BLUE PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED.

SOLICITATION OF PROXIES

The solicitation of proxies pursuant to this Proxy Statement is being made by Starboard. Proxies may be solicited by mail, facsimile, telephone, Internet, in person and by advertisements.

Starboard V&O Fund has entered into an agreement with Okapi Partners for solicitation and advisory services in connection with this solicitation, for which Okapi Partners will receive a fee not to exceed \$425,000, together with reimbursement for its reasonable out-of-pocket expenses, and will be indemnified against certain liabilities and expenses, including certain liabilities under the federal securities laws. Okapi Partners will solicit proxies from individuals, brokers, banks, bank nominees and other institutional holders. Starboard V&O Fund has requested banks, brokerage houses and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the shares they hold of record. Starboard V&O Fund will reimburse these record holders for their reasonable out-of-pocket expenses in so doing. It is anticipated that Okapi Partners will employ approximately 30 persons to solicit stockholders for the Annual Meeting.

The entire expense of soliciting proxies is being borne by Starboard. Costs of this solicitation of proxies are currently estimated to be approximately \$[F] (including, but not limited to, fees for attorneys, solicitors and other advisors, and other costs incidental to the solicitation). Starboard estimates that through the date hereof its expenses in furtherance of, or in connection with, the solicitation are approximately \$[•]. The actual amount could be higher or lower depending on the facts and circumstances arising in connection with any solicitation. Starboard may seek reimbursement from the Company of all expenses it incurs in connection with this solicitation but does not intend to submit the question of such reimbursement to a vote of security holders of the Company.
