

A large glass skyscraper at night, with many floors lit up from within, showing office interiors with desks and chairs. In the foreground, two white cars are parked side-by-side, viewed from the rear. The building's reflection is visible in the car windows.

We create better energy efficiency and comfort. **Together.**

At Huntsman Polyurethanes, we believe that working in true collaboration with customers is the only way to solve complex problems and find the solutions that will deliver real innovation.

So, we strive with a passion and determination to build the deep understanding of our customers that's required to get to the heart of their needs and establish lasting partnerships.

Our MDI-based polyurethanes and TPU technologies are used to meet the exacting needs of the major automotive OEMs, providing superior seating comfort and durability, advanced acoustic absorption and high performance components, which optimize weight and enhance safety. Combine our knowledge of polyurethanes systems with your expertise, and we'll create better cars... together.

HUNTSMAN

Enriching lives through innovation
